STATEMENT OF THE
SUBSTANCE OF THE INTERVIEW

Date: June 10, 2004

Sir:

In the telephonic interview conducted on May 18, 2004, between Examiner Todd D. Ingberg (USPTO), Jonathan M. Harris (Reg. No. 44,144) and Tracy Evans (inventor), claim 1 was discussed. The differences between OpenView and claim 1 were discussed. The Examiner's Requirement For information ("RFI," rule 105) was also discussed. Mr. Evans explained that, to the best of his understanding, the subject matter of the rule 105 RFI was not available to the public until after Applicants' filing date for the present patent application, but that Mr. Evans did not have ready access to any documentary proof of this assertion. The Examiner suggested that an acceptable response to RFI would be to state that the requested information is not readily available. Applicants responded to the RFI in the response to Office Action filed on May 21, 2004.
